

NETBALL SPECIALIST PROGRAM (NSP)

Atwell College's Netball Specialist Program is a Tier 1 Specialist Netball School endorsed by Netball Western Australia and is recognised as one of the Top 5 Specialist Netball Schools in the state.

Students will receive a maximum of 4 periods per week for Netball and Physical education lessons. NSP students have the opportunity to develop physical and social skills throughout their time within the program. Knowledge, strategies, and tactics of Netball are assimilated in a progressive way to ensure athletes move from a basic to an advanced level.

The objective of the program is to engage students to pursue netball through the various pathways from within our school environment: Athlete, Coach, Umpire, Official, and Volunteer pathways. The school-based program offers your child the opportunity to excel in their chosen sport and encourages ongoing participation in sport for young women.
